The study of human behavior can be as fascinating as it is beneficial. As a student in Newman's Psychology Program, you will learn the theories that have advanced the art and science of psychology and the application of accepted scientific methods. You will discover psychology's many uses in today's world as we continue to increase our understanding, not just about the therapies that modify behavior, but about the many ways that psychological research is being used in business and technology.

EXPERT, ACCESSIBLE FACULTY

The Psychology program consists of a group of carefully selected scholarly and professional practitioners who creatively introduce students to emerging theory and current best practices.

Newman Graduates regularly cite close collaboration with talented, dedicated faculty as one of their most meaningful experiences at Newman.

Newman faculty members are more than just leaders in their field. They take an active and personal role in students' studies and progress, forming strong relationships with students through coursework, special projects and informal out of class discussions.

ACCREDITATION

Newman University is accredited by The Higher Learning Commission of the North Central Association of Colleges and Schools,
www.ncahigherlearningcommission.org.

FINANCIAL AID

With many scholarships, grants, work-study and company tuition assistance programs available, the cost of

a degree from Newman University is comparable to that of state universities.
